Ambassadorial Scholarships – The purpose of these scholarships is to further international understanding and friendly relations among people of different countries. Recipients are expected to be outstanding ambassadors of good will to the people of the host country through both informal and formal appearances before Rotary clubs, district, school and civic organizations. After the one year study period, the scholar is expected to discuss and share the experiences of understanding acquired during the scholarship year with the people of his/her home country and the Rotarians who sponsored the scholarship. The five types of Ambassadorial Scholarships are:

Graduate Scholarships, for those who will have received a bachelor's degree or its equivalent before commencement of scholarship duties.

Undergraduate Scholarships, for those who are studying at the university level but who will not have completed a bachelor's degree before the commencement of the scholarship studies.

Vocational Scholarships, for those who are secondary school graduates and who have been employed or engaged full-time in a vocation for at least as of the application deadline. Applicants must not be eligible for a Graduate or Undergraduate scholarship.

Teacher of the Handicapped Scholarships, for those who have been employed or engaged full time as teachers of the physically, mentally, or educationally handicapped for at least two years as of the application deadline.

Journalism Scholarships, for those who have been employed in a full-time position in print or broadcast journalism for at least two years before the application deadline.

* Eleven new free-standing displays, including a skating penguin to an old-fashioned ice-fishing scene and a polar bear club swimmer. Almost all of the new figures (including the three above) show motion through light animation.

* A multitude of special events. Each Sunday night there will be either choral groups or story-telling. One of the choral nights will be an all-city sing-along. On December 6, there will be a night-time 5K fun-run/walk for charity with the last mile passing through the lighted path of the Celebration.

* More lighting of trees, shrubs, landscapes and buildings. The total light bulb count will be in excess of 100,000 this year.

As with last year, plenty of volunteer help will be needed for setup, take-down, and operating the event. Please watch your Rotary tables for sign-up sheets, contact Craig Burnett or Karen Fredrick, or send email to:

The Four Way Test

By Herbert I. Taylor – Chicago – 1932

Of the things we think, say or do:

First: Is it the truth?

Second: Is it fair to all concerned?

Third: Will it build goodwill and better friendships?

Fourth: Will it be beneficial to all concerned?
