Rotary Centers for International Studies in peace and conflict resolution

Share the Vision

The Rotary Foundation has partnered with eight leading universities around the world to establish the Rotary Centers for International Studies in peace and conflict resolution. Each year, Rotary will select 70 scholars to study at one of the seven Rotary Centers worldwide. The selected Rotary World Peace Scholars will begin two-year master' slevel degree programs

in conflict resolution, peace studies, and international relations.

Program Objectives

The Rotary Foundation of Rotary International has established the Rotary Centers for International Studies:

- To advance research, teaching, publication, and knowledge of issues of peace and goodwill, causes of conflict, and world understanding;
- To provide advanced educational opportunities for a group of Rotary World Peace Scholars chosen from various countries and cultures in order to advance knowledge and world understanding among potential future leaders of government, business, education, media, and other professions;
- To establish a program through which The Rotary Foundation of Rotary International and the member clubs of Rotary International may become increasingly effective in promoting greater tolerance and cooperation among peoples, leading to world peace and understanding.

The Four Way Test

By Herbert I. Taylor – Chicago – 1932

Of the things we think, say or do:

First: Is it the truth?

Second: Is it fair to all concerned?

Third: Will it build goodwill and better friendships?

Fourth: Will it be beneficial to all concerned?
