Today's Program

Sue McIlrath, Affinity Health "Ways to Make Daily life more Active"

Programs and exhibits for the District Conference - All District 6270 Clubs are invited to submit brief program proposals about their club's most successful service project, fundraiser, membership drive or other club best practices. Break out sessions will be 45 minutes long with the formal presentation being 20-30 minutes in length.

Exhibits: Clubs are invited to set up table-top exhibits that illustrate their programs and areas of service. Exhibits should include photos, samples, media clips or program summaries. Project summaries should be available as hand out matter for club references.

World Affairs Seminar – The Rotary-sponsored World Affairs Seminar is continuing to try new ways to introduce people across the country to the exceptional one week experience at UW-Whitewater.

A new website was launched in February with a wealth of information for Potential students as well as their parents, teachers and sponsors.
www.worldaffairsseminar.org

District 6270 provides each club in the district with a partial scholarship that can be used to support a local student's tuition for the seminar.

Jim Staple is the chairman for this project for our club. He has worked in the past few years with the three clubs to promote and sign up students from the High schools to attend this conference.

Vocational Service - Vocational Service is recommending the reallocation of money within their budget so that \$2500 may go to keep the SAIL program going this spring in the schools. Even though it is just reallocation of money, it is over the \$1000 limit and needs to be published and voted on.

Club Service – The registration to the District Conference meeting will be reimbursed by the club. Each member needs to register and pay for it and then inform our treasurer and he will take it off your bill.

International Service – Ellen's time is growing shorter. If you haven't taken the time to get to know her better now is the time. Call

her to see if she is available to spend some time with you and your family. She likes to do every kind of sports except golf. Otherwise, she would just like to see new places, there should be some interesting stuff around here. Otherwise museums are fine too, but she is not too much into art. If somebody is doing something, give her a call. 233 4426 or 379 7730.

Community Service - Community Service has recommended that \$1500 go to Big Brothers/Big Sisters and \$1500 to Habitat for Humanity from our Super Bowl Party profits of \$8000. Since it is over the \$1000 limit it needs to be published and voted on.

We are actively looking for players and Bob Hernke could use some Hockey talent, in more ways than one! Last year we beat the downtown club 6 to 4, with your help we can do it again.

The Four Way Test

By Herbert I. Taylor – Chicago – 1932
Of the things we think, say or do:

First: Is it the truth?

Second: Is it fair to all concerned?

Third: Will it build goodwill and better friendships?

Fourth: Will it be beneficial to all concerned?
