Photos can be overlaid with the Rotary logo and the date of this momentous occasion. Additional information on how to view your photo choices will be available online after the event.

## Exchange Students

One of the most important aspects of Rotary is enriching the lives of children around the world. Nowhere can we see the direct impact of this focus better than through our student exchange programs. The months spent living and studying in another country are truly life-changing experiences for both inbound and outbound students as well as their host families. Our club is a leader in providing this experience to both inbound and outbound students, but we need your help to continue.

Currently we are in need of host families for inbound students. Host families do not need to be Rotarians. In order to keep a timely schedule of inbound student arrivals, we have an immediate need for a host family. Please contact Jeff Hackbarth for more information. We are also in need of someone to help with the coordination of outbound students. It's a great opportunity to welcome work with local students and help them experience the best of other cultures. If you, or someone you know, can help, contact a member of International Service, Jeff Hackbarth or member of our Board of Directors.

### District Gov. Christianson Message

As I was driving to a Rotary meeting this week, I was reminded that summer was about to come to an end. The leaves on

some of the trees have started to change. The farmer's stands along the roadway have fall squash, apples and a variety of fall flowers. The yellow school buses were on the roadways taking children back to school. Yes, fall is just around the corner. September is New Generation month in the Rotary calendar year. It is that time of the year when we look at the opportunities that we have for youth and young adults in Rotary. We look at Interact, Rotaract, Rotary Youth Exchange, RYLA and World Affairs Seminar to name a few. Young adults engaged in community service throughout the world. If you want to add a level of energy and excitement to your club....get involved with a New Generations program.

In my travels around the district I have met young adults and students involved in these programs. Their excitement and commitment is true to the Rotary theme of "Service Above Self." They tell me about the projects that they have done in the community and the plans they have for future projects. They draw other individuals into their group because of their excitement. They indeed are "Engaged in Rotary and Changing Lives."

As you meet with your clubs, give some thought and discussion to how you can engage the youth in your community into Rotary.... REMEMBER - The future of Rotary is in our New Generations Programs.

## The Four Way Test

Of the things we think, say or do:

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build good will and better friendships?
4. Will it be beneficial to all concerned?
