**World Immunization Week**

Immunization saves millions of lives every year. Vaccination is one of the most

successful and cost-effective health interventions. Yet outbreaks of diseases that vaccines could prevent continue to put children's health at risk throughout the world.

Rotary knows firsthand that #VaccinesWork. We've contributed more than \$1.9 billion and countless volunteer hours to protect more than 2.5 billion children from polio. Take action and help Rotary spread the word about the importance of vaccination during World Immunization Week, 24-30 April.

**34. ROTARY YOUTH LEADERSHIP AWARDS (RYLA)**

Each summer thousands of young people are selected to attend Rotary-sponsored leadership camps or seminars in the United States, Australia, Canada, India, France, Argentina, Korea and numerous other countries. In an informal out-of-doors atmosphere, 50 to 75 outstanding young men and/or women spend a week in a challenging program of discussions, inspirational addresses, leadership training and social activities designed to enhance personal development, leadership skills and good citizenship. The official name of this activity is the Rotary Youth Leadership Awards program (RYLA), although the event is occasionally referred to as Camp Royal, Camp Enterprise, Youth Leaders Seminars, Youth Conferences or other terms.

The RYLA program began in Australia in 1959, when young people throughout the state of Queensland were selected to meet with Princess Alexandra, the young cousin of Queen Elizabeth II. The Rotarians of Brisbane, who hosted the participants, were impressed with the quality of the young leaders. It was decided to bring youth leaders together each year for a week of social, cultural and educational activities. The RYLA program gradually grew throughout all the Rotary districts of Australia and New Zealand. In 1971, the RI Board of

Directors adopted RYLA as an official program of Rotary International.
