Should Know About Rotary**

38. ROTARY FLOAT IN ROSE PARADE
The Rotary International float in the annual Tournament of Roses Parade is undoubtedly the largest public relations project of the Rotary clubs of the United States and Canada. Since 1924 a Rotary float has been entered 18 times including every year since 1981. The famous Pasadena, California, parade is seen by an estimated 125 million people via worldwide television.

Funds for the construction of the Rotary parade entry are voluntarily given by Rotarians and clubs in the U.S. and Canada. The cost of designing, constructing and flower covering a Rose Parade float begins at about \$120,000.

A multi-district Rotary committee in Southern California coordinates planning of the Rotary float and provides hundreds of volunteer hours of service. The Rotary float must portray the annual parade theme, usually depicting one of the worldwide service programs of Rotary International.

Each New Year's Day, Rotarians take pride in seeing their attractive float and realize they have shared in its construction by contributing a dollar or two to this beautiful public relations project.
