Membership is the key to a successful Rotary World. Rotary needs to grow with good new active members. We need a diverse group of people, representing the communities in which we live, more women and young people. The message from Rotary International is loud and clear. We need to evaluate the way we do business. Do we provide value to our current members and can we attract new members with our current format?

I have started my club visits and have been listening to the conversations in the clubs. I am very encouraged! Rotary has opened the gates to new types of clubs -Afterhours, Satellite, E-Clubs, and Passport Clubs. Rotary must accommodate a changing world. The District is ready to support the effort. Contact Cathy Christensen, Membership Chair, or Kola Alayande, New Club Development Chair to access additional resources. Also visit "My Rotary" to download, for new members "Rotary Basics" or "Guide to Corporate Membership" or "Guide to Satellite Clubs", among others.

The new District Strategic Plan was published this past week and is available on the District website. Thanks to Jeff Reed, his committee, and the many voices from all corners of our District that participated in the development of this plan. The District has a mission and plan to guide us the next few years and we can now start the implementation.

When planning events or fundraisers, be sure your club is covered by RI's insurance. You can find more information on the RI website or contact Rick Debe.

The Rotary Foundation's fundraising goal for Polio was met and exceeded last year. The goal was \$50 million and \$50.8 million was raised. *Thank you so much* to everybody who donated!

It is an exciting time in our District and in the Rotary World. Let *Rotary Connect the World*. Have a great productive summer.

**Steen will be visiting our club on 8/28/19.**

**District Governor Nomination Notice 2022-2023**

Rotary District 6270 is now seeking candidate proposals from Rotary Clubs for the position of District Governor in the 2022-2023 Rotary Year.

Serving as Rotary District Governor (DG) is a great

honor. Governors are the official representative of Rotary International in the district. The mission of a Governor is to lead clubs, inspire Rotarians and engage the public by articulating Rotary's role in our community. District Governors serve for one Rotary year, from July 1 to June 30. Governors are actively engaged in District decision-making leading up to their year as Governor.

Serving as District Governor is a life-changing experience. As they prepare, Governors receive training, plan, assemble their teams of volunteers and collaborate to create a budget. You can learn more about serving as District Governor by downloading [Lead Your District: Governor](#), published by Rotary International.
