40. AMBASSADORIAL SCHOLARSHIPS

The Rotary Foundation Ambassadorial Scholarships Program is the world's largest privately funded international scholarships program. In 1947, 18 "Rotary Fellows" from 11 countries were selected to serve as ambassadors of goodwill while studying in another country for one academic year. Since that time, approximately \$242 million has been expended on some 25,000 scholarships for people from more than 125 countries, studying in 105 countries around the world.

The purpose of the Scholarships Program is to further international understanding and friendly relations among people of different countries. Scholars are expected to be outstanding ambassadors of goodwill to the people of the host country through both informal and formal appearances before Rotary and non-Rotary groups.

Beginning with the 1994-95 program year, The Rotary Foundation offers two new types of scholarships in addition to the Academic-Year Ambassadorial Scholarship offered since 1947. The Multi-Year Ambassadorial Scholarship is awarded for two or three years of specific degree-oriented study abroad. The Cultural Ambassadorial Scholarship provides three or six months of funding for intensive language study and cultural immersion in a language other than their native language.

Rotarians know that Rotary Foundation scholarships are very worthwhile investments in the future and one important step in seeking greater understanding and goodwill in the world.
