TODAY'S PRESENTATION:

**The State of Education During COVID-19
Andy Leavitt—UWO Chancellor**

What does the educational climate hold for the future with a pandemic surging around the country? Our own Chancellor Leavitt will present UWO's approach to the new normal.

Robert E. Stauffer Jr.

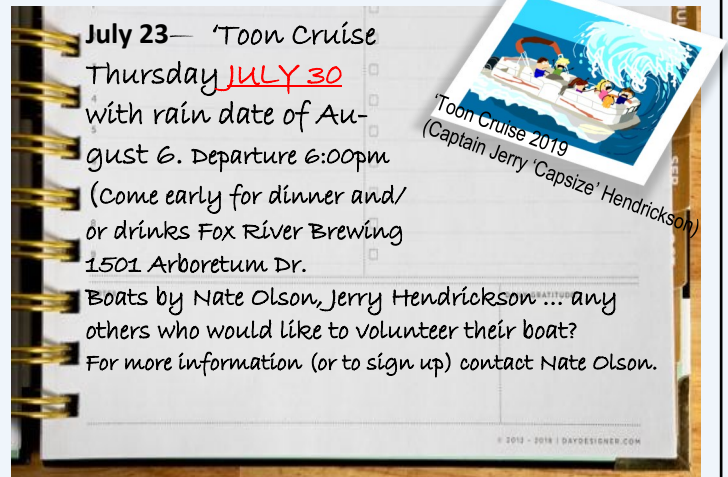

March 5, 1952 - July 16, 2020

Bob was very involved in Rotary. He was a past president. He and Karen hosted multiple exchange students, he was part of the sand-box fundraising project (when he would tell the stories about that project, it would almost make you roll on the floor with laughter) he did have that dry sense of humor.

Later he was involved at the district level with the students.

There is not enough space here to write all that Bob meant to Rotary. He will be sorely missed.

WE'RE GETTING SOCIAL

We ❤️ Our Seniors

The Community Environmental & Beautification Committee will be showcasing the hard work the landscapers and gardeners do to brighten the days of area Seniors who remain safer at home during the Covid 19 pandemic. For most, the greenery outside their window is all that

they see of nature during this time of confinement. Area Senior facilities have done a great job providing an uplifting view for them. Signs have been printed and volunteers are needed to deliver the signs to area facilities.

SHARED HARVEST

Shared Harvest is a very popular program designed to help those in need receive fresh produce from the Oshkosh Farmer's Market. It is more important than ever during this time to get healthy food to those who need it. Helping out consists of picking up food from vendors every other week, for about 1 hour. Also in great need of 2 Rotarians to take over the program going forward.

Contact Sue Schnorr if you are interested in this program.

Keeping Rotarians Connected: Hybrid Meeting How-to Jul 27, 2020 2:00 PM

As Rotarians, we thrive on connections and 'doing good' in our communities and around the world. The COVID-19 pandemic has certainly challenged us to get creative in how we stay connected. Kudos to the many clubs who are meeting virtually! Moving forward, we need to consider a **hybrid meeting approach** to open doors to those who are eager to meet in person, while respecting -- and involving -- those who choose to practice physical distancing. Meetings will look different! And, hybrid meetings open new opportunities in the way of speakers, visitors, and new members.

We are offering **Keeping Rotarians Connected: Hybrid Meetings**. In this session, District Technology Chair Don Griff-

ing will explain the technical requirements, basic set-up, and costs associated with hybrid meetings. We will also have time to discuss obstacles and answer questions. This session is part of our ongoing effort to help clubs engage members and grow membership. We will be offering the session twice to accommodate schedules. We ask that you attend; and also invite the club members who will help you with this important work. We encourage participation from meeting coordinators, program chairs, membership chairs, and other club officers. It is open to all members.

Please register in advance for the session that works best for you! **Keeping Rotarians Connected: Hybrid Meetings:**

For Monday, July 27, 2:00p - <https://us02web.zoom.us/j/6123456789>
 For Thursday, July 30, 6:00p - <https://us02web.zoom.us/j/9876543210>
 See you there!

THE FOUR-WAY TEST

Of the things we think, say or do

first
Is it the **TRUTH**?

second
Is it **FAIR** to all concerned?

third
Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?

fourth
Will it be **BENEFICIAL** to all concerned?
