## Today's Presentation

Today we welcome Susie Leib, Oshkosh North High School, Communities Coordinator.

Communities is the product of Richard Leib, Julie Dumke, Brad Weber, and Oliver Schinkten. The program was founded to help students learn content differently than in the traditional classroom. Communities students learn content through real-life application, pairing with local businesses and partners to help solve community problems.

Second semester Communities provide career exploration experiences for seniors in a career field or fields of their interest. This typically has been in person, job shadowing type experiences. This year, Communities is looking for people who would be willing to provide either an in person or virtual experience to one or several students interested in their career field.

Thank You, Susie!

## Famous Rotarians

Perhaps one of the most famous people of the 20th century was Neil Armstrong who, along with fellow astronauts Michael Collins

and Buzz Aldrin, captained the successful Apollo 11 mission to the moon.

Armstrong, a test pilot and jet fighter veteran, who was considered to be one of the coolest astronauts under pressure, hand piloted the landing craft Eagle with only seconds of fuel remaining.

While it was the efforts of hundreds of thousands of people that made it possible, Armstrong had the honor of being the first person to ever walk on another celestial body.

He was also the first Rotarian to stand on the moon.

The courage of Armstrong and the other astronauts is obvious when you realize that the computing power used to get them to the moon and back was less than that of the average smart phone today.

Armstrong was a member of the Rotary Club of Wapakoneta OH.

**THE FOUR-WAY TEST**  
Of the things we think, say or do

---

*first*  
Is it the **TRUTH**?

*second*  
Is it **FAIR** to all concerned?

*third*  
Will it build **GOODWILL**  
and **BETTER FRIENDSHIPS**?

*fourth*  
Will it be **BENEFICIAL** to all concerned?
