## Today's Event

Wittman Regional Airport

Today's meeting, will be held at the **Wittman Regional Airport Terminal**.

We will be welcomed by **Jim Schell**, Airport Director.

Wittman Regional Airport announced the grand opening of a new General Aviation Terminal Facility, serving as the aerial gateway to Oshkosh, Winnebago County and the Fox Valley Region. At 10am on Wednesday, June 30, officials and project staff held a ribbon cutting ceremony at the new terminal. This event took place at 525 W 20th Avenue in Oshkosh.

The General Aviation Terminal's primary use is to accommodate transient air traffic travelling in and out of Oshkosh and the greater Fox Valley. The facility is a single-story, 12,500 square foot building. In addition to serving general aviation air traffic, the new terminal will also provide space for Basler Flight Service, airport administrative offices, space for a rental car operation and meeting rooms available to the general public. The new facility replaces both the existing commercial service passenger terminal, built in 1971 and the former General Aviation terminal, built in 1958.

Construction of the new facility began in July 2020. Despite the pandemic, the \$5.5M project has been completed on time and under budget. This addition to the airport will greatly modernize aviation services and reduce operating and maintenance costs. The new facility also opened in time for the return of EAA AirVenture Oshkosh 2021.

**UWO – 150 years**

Join the UW Oshkosh community in honoring our long tradition of

excellence and opportunity as we mark our 150th anniversary with a sesquicentennial celebration in 2021. Since our inception in 1871 as the Oshkosh Normal School for teacher training, our dedication to quality and innovative higher education has been a hallmark of our success as a premier comprehensive institution. Over the decades, our name has changed several times and our educational focus has expanded to meet the needs of students in our region and beyond.
