

## TODAY'S PRESENTATION:

**CESA 6 – Work to School Opportunities**  
**Tania Kilpatrick**

### Today's Presentation

Today we welcome **Tania Kilpatrick**, Director, Career and Technical Education.

CESA 6 is a non-profit, member-driven Cooperative Educational Service Agency – thus part of our name is CESA. We are one of 12 CESAs in Wisconsin – we are CESA 6!

With offices headquartered in Oshkosh, WI, CESA 6 serves 39 public school districts in Dodge, Fond du Lac, Green Lake, Outagamie, Washington, Waupaca, Waushara and Winnebago counties. We are governed by an 11-member Board of Control representing the public school districts in our region. In fact, each dot in our logo represents one of the districts in our region, which range from large to small – just like the dots on our CESA 6 star!

At CESA 6, we keep our eye on the current education landscape and think ahead (Smart Thinking that is!) to be proactive and responsive and meet the changing needs of the educators who use our services. Schools, educators, school districts and education-related organizations can rely on CESA 6 to be a partner for innovative products and services delivered with expertise and professionalism.

We are collaborative, too. (Cooperative is right in our name!) Internally, we lean on each other for the varied experiences and expertise that more than 150 staff bring to the table, as we collaborate to find right products and solutions for today's learners and learning environments. Externally, we seek partnerships with other organizations that can also bring value to our clients. All of this – and cost-effective, too!

Responsive innovators, experts and partners – that's CESA 6, proudly providing solutions to students, educators, schools, districts and the entire education community to maximize success.

Thank you Tania!

**Rotary's 7 Areas of Focus**

**Maternal & Child Health**

Rotary makes high-quality health care available to vulnerable mothers and children so they can live longer and grow stronger.

We expand access to quality care, so mothers and children everywhere can have the same opportunities for a healthy future. An estimated 5.9 million children under the age of five die each year because of malnutrition, inadequate health care, and poor sanitation — all of which can be prevented.

**How Rotary makes help happen**

Rotary provides education, immunizations, birth kits, and mobile health clinics. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease.

- Lifesaving Hospital Equipment
- Healing Scars of War
- Sustainable Programs
- Clean Births
- Keeping Children Alive During Their First Year
- Telemedicine

**THE FOUR-WAY TEST**

Of the things we think, say or do

*first*

Is it the **TRUTH**?

*second*

Is it **FAIR** to all concerned?

*third*

Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?

*fourth*

Will it be **BENEFICIAL** to all concerned?
