

## TODAY'S PRESENTATION:

**Environmental Services Week**  
**Emily Hengillis**

### Today's Presentation

Today we welcome **Emily Henrigillis**, who is joining

us from the Winnebago Waterways Program of the Fox-Wolf Watershed Alliance. She will be introducing us to the lake plan and its implementation along with the other projects she is working on.

The Winnebago watershed is very important to our community. Clean water is a global issue and we are doing our part right here in Oshkosh with the Be A Water Hero medallion project.

During this first ever Environmental Week as declared by RI, we'll be learning about other ways we can volunteer to help keep our waters clean and healthy.

**An Evening with President Thompson**

Wednesday, October 6, 2021  
7-8:30pm  
UW Oshkosh Music Hall of the

Arts and Communication Center

Dr Michael Ford, Department of Public Administration Chairperson and Director of the Whitburn Center for Governance and Policy Research, will host an enlightening on-stage conversation with Interim President Tommy Thompson, a Wisconsinite who earned distinction as the state's longest-serving governor, a former US Health and Human Services Secretary under President George W Bush and, currently, leader of the UW system.

The audience will learn about President Thompson's story and journey in public service. We will reflect on his time growing up in Wisconsin; his education, bridging college and professional experiences; his ascent in state politics and his unique perspective on leadership across the public service spectrum; insights on the Wisconsin Idea; serving during historic crises; building coalitions and partnerships in divisive times; and the future of public higher education. This event is free and open to the entire community on a first-come, first-seated basis.

No RSVPs are necessary.

Sponsored by the Office of the Chancellor, Department of Public Administration, and Whitburn Center for Governance and Policy Research.
