Rotary's 7 Areas of Focus

Disease Prevention & Treatment

We believe good health care is everyone's right. Yet 400 million people in the world can't afford

or don't have access to basic health care.

Disease results in misery, pain, and poverty for millions of people worldwide. That's why treating and preventing disease is so important to us. We lead efforts both large and small. We set up temporary clinics, blood donation centers, and training facilities in underserved communities struggling with outbreaks and health care access. We design and build infrastructure that allows doctors, patients, and governments to work together.

Our members combat diseases like malaria, HIV/AIDS, Alzheimer's, multiple sclerosis, diabetes, and polio. Prevention is important, which is why we also focus on health education and bringing people routine hearing, vision, and dental care.

How Rotary makes help happen

We educate and equip communities to stop the spread of life-threatening diseases. Rotary members have hundreds of health projects underway around the world at any given time.

Chip In For A Good Cause

We are excited to bring back "Chip In for a Good Cause"

to benefit the scholarship fund of the Rotary Club of Oshkosh and the Day by Day Warming Shelter. Remember the great taste of the chips, salsa and cheese crisps from the former Lara's Tortilla Flats? Well, they are back for one day only (at least this year).

Place your order here: <http://www.oshkoshrotaryfundraiser.com>

Customers will need to pre-order chips, salsa and cheese crisps and then, pick up your order at the former Primo Restaurant in Oshkosh between 10am-4pm on Saturday, Nov 6.

Rotarians and other volunteers will be delivering your order to your vehicle!

Thank you for supporting the efforts of the Rotary Club of Oshkosh!

THE FOUR-WAY TEST
Of the things we think, say or do

first
Is it the **TRUTH**?

second
Is it **FAIR** to all concerned?

third
Will it build **GOODWILL**
and **BETTER FRIENDSHIPS**?

fourth
Will it be **BENEFICIAL** to all concerned?
