### Today's Presentation

Today we welcome Kenlin Grams.

Parent Connection is a voluntary education and early learning program that encourages, strengthens and supports families. Transitioning to parenthood can be difficult, which is why we're here to help alleviate stress and provide the support you need to be there for your family.

#### Our Services:

#### Parents as Teachers™ Home Visitation

This program is designed for parents with young children. Our staff is happy to provide home visits and provide a variety of tips and resources, including positive parenting information, constructive play ideas and developmental screenings.

#### Parent Education Workshops

Our parenting workshops are presented by professionals in our community. Topics include positive parenting techniques, child growth and development, and more. Presented at various locations throughout the Fox Valley and Oshkosh. Free childcare if offered during most classes.
