

## TODAY'S EVENT:

**NASA**  
**Michael Hess**

## Today's Presentation

Today we welcome **Michael Hess** from NASA.

Michael Hess currently serves as the Deputy

Director of the NASA Office of JPL Management and Oversight (NOJMO) at the agency's Jet Propulsion Laboratory (JPL).

Mike will present on human space flight and JPL (Jet Propulsion Lab) Mars Rovers.

<https://www.nasa.gov/content/michael-g-hess-deputy-director>

Thank you, Michael!

Michael will be providing his presentation via Zoom.

**AROUND THE WORLD**  
**Flight to End Polio**  
ESTABLISHED 1988  
In partnership with Rotary  
Peter Teaben & John Ockenfels | Eastbound: April of 2022  
**ONE ENGINE, TWO PILOTS AND A 2018 DONATION MATCH**  
Peter Teaben and John Ockenfels are raising awareness for polio eradication by piloting a single engine aircraft all the way around the globe!  
Peter and John will take off from Cedar Rapids, Iowa April of 2022 in a Piper Lance (single engine airplane). Along the way, they will encourage support of ending polio forever throughout the world.  
Both Peter and John are pilots, Rotarians, and members of the Fellowship of Flying Rotarians. Polio eradication has been a primary focus of Rotary for over 70 years and continues to be a major initiative. While the end of polio may be near, no child anywhere is safe until every child has been vaccinated.  
FLY WITH US!  
Some of your contributions will be donated to the Rotary Foundation Polio Plus Program.  
The pilots, Peter Teaben and John Ockenfels are covering the entire cost of the flight as well as having their own travel expenses and lives in jeopardy.  
Please consider a donation to help end polio forever. Donation levels for our flight are:  
- Wingspan Sponsor: \$5,000 or greater  
- Compassion Sponsor: \$1,000 - \$4,999  
- Captain Sponsor: \$500 - \$999  
- Co-Pilot Sponsor: \$100 - \$499  
SPECIAL THANKS  
Thanks to the B2 and Melinda Gates Foundation, your donations will be matched 1:1, getting us even closer to polio-free world.  
GETTING A CHECKUP!  
Our 1000 Piper Lance II, went through its annual inspection to ensure it is ready for our 20,000 mile flight. Check out this video of Peter explaining the inspection that keeps the Lance in top condition, during the end completely safe for our flight.
