Today's Presentation

Today we welcome **Linda Pierron of Brewing Futures Mobile CAFE.**

The Oshkosh Area School District debuted a food truck focused on hands-on learning for students of all abilities - the first of its kind in the nation!

Named Brewing Futures Mobile CAFE (Coaching Ability For Employment), the customized and fully accessible food truck is making its way to community events and businesses - operated by students receiving special education services. This unique mobile classroom will not only provide students with special needs real-life working opportunities, but it will allow them to engage with their community in a meaningful way and showcase their employability skills.
