As my Rotary presidency comes to an end, I would like to thank everyone for another great

Rotary year. Together, we endured some tough times in the past twelve months such as Kris Villars passing and COVID-19, but we also had many fun times like the Perfect Pair Dinner, the Family Connection Christmas Party and our socials to name a few.

I would like to thank the Board for stepping up to provide leadership to this Club and donating their time and energy. I would like to thank Nate and Tom for providing me counsel and Craig for providing guidance to this Club. I cannot thank Karlene enough for all of the hard work that she has done this past year: getting the room ready for the meeting, checking people in, putting together the PowerPoint slides, writing the Hub, etc. She was always the first person to arrive and the last person to leave.

Lastly, I would like to thank the Club for giving me this opportunity to serve as your Club President this past year. It was a lot of work, but because of the people in this Club, I really enjoyed my year as president. I look forward to Jessica's year as president and Mike's year after that. The Club is in good hands for the future.

## 2020-21 Presidential Theme

Rotary Opens Opportunities

Rotary International President-elect Holger Knaack is encouraging Rotarians to seize the many opportunities Rotary offers to enrich their lives and the communities they serve. Knaack, a member of the Rotary Club of Herzogtum Lauenburg-Mölln, Germany, revealed the 2020-21 presidential theme, *Rotary Opens Opportunities*, to incoming district governors at the Rotary International Assembly in San Diego, California, USA, on Jan 20. Rotary isn't just a club for people to join, but rather "an invitation to endless opportunities," said Knaack, who becomes president on Jul 1. He emphasized that Rotary creates pathways for members to improve their lives and the lives of those they help through service projects.

"We believe that our acts of service, big and small, create opportunities for people who need our help," Knaack said. He added that Rotary creates leadership opportunities and gives members the chance to travel the world to put their service ideas into action and make lifelong connections. "Everything we do opens another opportunity for someone, somewhere," said Knaack.

### Changing for the future

Knaack also urged members to embrace change so Rotary can expand and thrive. Rather than setting a specific target for increasing the number of members,

Knaack said he's asking clubs and districts to think about how to grow in a sustainable and organic way. He wants clubs to focus on keeping current members engaged and adding new members who are the right fit for their club.

"We need to stop thinking of new members as people we can mark down as statistics and then forget about," Knaack said. "Every new member changes us a little bit. That person brings a new perspective, new experiences. We need to embrace this constant renewal. We will grow stronger as we learn from new members."

Knaack pointed to Rotary's Action Plan as a compass that can guide clubs as they evolve. He recommended that every club have a strategic plan meeting at least once a year. At that meeting, clubs should ask where they want to be in five years and how they can bring more value to their members.

Knaack also wants to see more women in leadership roles and see Rotaractors play an integral role in how new clubs are formed and run. He encouraged district leaders to create new club models and rethink what it means to be in Rotary, and allow young people to be the architects of these new clubs. "We have to be open to new approaches, and creating unique clubs for younger people is just part of the solution," said Knaack. "Let Rotaractors decide what kind of Rotary experience works best for them. These young people are bright, energetic, and they get things done."

In stressing the need for Rotary members to embrace change, Knaack noted that time won't slow down for Rotary: "We will not let rapid change defeat us. We will capture this moment to grow Rotary, making it stronger, more adaptable, and even more aligned with our core values."
