

TODAY'S PRESENTATION:

Quinta Cayler

**Beyond the Drop: Amplifying Impact
Through the R-I-P-P-L-E Effect**

Today's Presentation

Today's presentation by Quinta Cayler embodies everything we strive to be as Rotarians.

In this enlightening presentation, Quinta will be delving into the transformative power of individual actions. Drawing from a poignant personal journey of overcoming homelessness while pregnant to achieving remarkable success in diverse domains, she showcases how a single act of kindness or intentional intervention can set off a cascade of positive impacts. Using the R-I-P-P-L-E framework, Quinta illustrates how recognizing potential, intervening immediately, and persistently supporting can liberate and empower individuals, amplifying their influence and legacy.

A former homeless individual turned successful author, nurse, businesswoman, and mentor, Quinta stands as a beacon of resilience and determination. She is the founder of a care management and consulting company and an inter-generational life enrichment center, which she now runs with the rest of her family. With her indomitable spirit, she now guides other nurses in their professional journeys, echoing the belief that every life touched creates endless ripples of positive change.
