

**TODAY'S MEETING:**  
**Guys Who Give & a Public Health Crisis**  
Stephen McCullough

### Today's Presentation

Stephen moved to the Oshkosh area in late 2020 to be closer to family during the pandemic. Feeling disconnected working from home, he started a local chapter of Guys Who Give as a means to connect with more men and to do some good in the community.

Guys Who Give is a group of men with a desire to inspire and who are committed to making a difference in their local communities. The mission is to reach out and help local charities with the funds they need to do the amazing work they are doing in their community.

All charities and organizations up for consideration must serve the county of the local chapter; the idea is to keep it local and have an impact that WE can SEE. Guys Who Give is a dynamic and inspired group of local men who are interested in making a meaningful impact in our local communities.

Events are full of energy and a great place to meet new friends that share the same desire to inspire. The events were designed with busy life schedules in mind. When he's not leading the local chapter of Guys Who Give, he's adventuring with his family, tackling home and landscaping projects, or reading a good book.
