

TODAY'S MEETING:

Equity in the Oshkosh Area School District
Anthony Miller, Jr

Today's Presentation

Born and raised in Milwaukee, WI, Anthony D. Miller Jr. navigated a challenging upbringing with perseverance and determination. His path

in education and leadership is marked by significant roles that have deepened his commitment to diversity, equity, and student empowerment.

Anthony's experience includes work with the Milwaukee Public School System, where he was instrumental in bringing awareness to post-secondary options for students.

At the Appleton Area School District, he served as a liaison between schools and historically marginalized students, fostering connections that enhanced educational outcomes. Further, his retention work at Fox Valley Technical College focused on supporting students of color, first-generation college students, and those experiencing at-risk characteristics, ensuring their success in higher education. Now, as the Director of Community Engagement & Equity for the Oshkosh Area School District, Anthony applies his extensive background to empower others and promote inclusivity.

His numerous speaking engagements reflect his enduring passion for making a positive impact in the lives of students from all backgrounds.
